LADY RAMSAY

THE PRINCESS PATS

Down into the valley of death
Down into the jaws of hell,
And out from the fume of the
battle breath,
But few returned to tell

How breast to breast with death they fought,

To uphold a fair Princess' fame, Her flag, a flag with honor fraught, Inscribed with royal name.

I BELIEVE IN THE DOMINION OF CAN ADA AS A GOVERNMENT OF THE PEOPLE, BY THE PEOPLE, FOR THE PEOPLE: WHOSE JUST POWERS ARE DERIVED FROM THE CONSENT OF THE GOVERNED: A DEMOCRACY IN A CONFEDERATION; A SOVEREIGN NATION OF NINE SOVEREIGN PROVINCES: A PERFECT UNION, ONE AND INSEPARABLE: ESTABLISHED THOSE PRINCIPLES OF FREEDOM, EQUAL-ITY, JUSTICE, AND HUMANITY FOR WHICH CANADIAN PATRIOTS SACRIFICED THEIR LIVES AND FORTUNES TO MAINTAIN IN-TACT AND KEEP INVIOLATE.

I THEREFORE BELIEVE IT IS MY DUTY TO MY COUNTRY TO LOVE IT; TO SUPPORT ITS CONSTITUTION, TO OBEY ITS LAWS; TO RESPECT ITS FLAG; AND TO DEFEND IT AGAINST ALL ITS ENEMIES.

So many WAYS, so many CREEDS, So many paths that wind and wind, When just the one of BEING KIND Is all this poor WORLD NEEDS,

CANADA, OUR OWN LAND

GOD BUILT A CONTINENT OF GLORY and filled it with treasures untola. He studded it with sweet flowing fountains and traced it with long winding STREAMS. He carpeted it with soft-rolling PLAINS and columned it with thundering MOUNTAINS. He planted it with deep-shaded FORESTS and filled them with song. THEN He called unto a thousand peoples and summoned the bravest among them. They came from the ENDS OF THE EARTH, each bearing a gift and a hope. The glow of adventure was in their eyes, and in their hearts the glory of ambition. And out of the BOUNTY of EARTH and the LABOR of MAN, out of the LONGING OF HEARTS and the PRAYERS OF SOULS, out of the MEMORY OF AGES and the HOPES OF THE WORLD. God fashioned a nation in love, blessed it with purposes sublime, and called it—CANADA.

The crest and crowning of all good, LIFE'S FINAL STAR is Brotherhood; For it will bring again to earth Her long-lost poesy and mirth; Will send new light on every face, A kingly power upon the race; And till it comes we men are slaves, And travel to the dust of graves!

CANADA IS HAVING A SHARE
A PRICELESS INHERITANCE in the
civilization of the modern world such as never before came to any young nation.

THE REAL CANADIAN

What is a Real Coundian?

HE IS A PATRIOT, not a partizan. He votes, and keeps informed on public questions.

HE HONORS THOSE WHO WORK, and has a contempt for idlers.

His is not a stock, or a race, or a breed; it is a spirit; and if of foreign parentage he has been born again and become a Canadian.

HE IS A REFORMER, not a Revolutionist. He hates Class; when laws do not suit him he does not break them, he changes them.

HIS IS THE NEWEST NATION; his is the Youth of Humanity, and he wants Canada—the brightest gem in the British crown—to be the Big Brother to the world.

This is our country, strong, broad and grand, God bless thee, CAN-ADA, our native land!

—Mrs. Jean Blewitt. Toronto.

IF WE ARE TRUE to the highest things, deeds of mighty Messianic significance will be born in Canada for THE GOOD OF THE WORLD.—Rev. R. G. McBeth, Vancouver.

THE CANADIAN GIRL

WHEN GOD MADE THE CANADIAN GIRL He sent His angel messengers throughout all the star-strewn realms of space to gather all there was of beauty, of enchantment and of glamour. WHEN these angels returned from their harvesting of beauty and threw down their glittering burden at His feet He began in their wonderful presence the fashioning of THE CANADIAN GIRL. He wrought with the gold and the gleam of the stars, shifting glories of the rainbow hues and the pallid silver of the moon-wrought with the pure sweet snow that gleams from the lilies petals and flames of fire which flash and leap from jewels' depth, THEN glancing deep into His own bosom. He took of the love which gleamed there beneath the sun-kissed waves of a summer sea and thrilled into the form He was fashloning-and all Heaven and earth rejoiced, for lo! He had WROUGHT THE CANADIAN GIRL.

BEAUTIFUL NOVA SCOTIA

In all the world no richer verdure clothes any land than that which tenderly enfolds the form of Nova Scotia. Nowhere on earth do softer breezes blow than those that sweep the devikissed fields of Nova Scotia. No skies are bluer, no stars are brighter, no days more golden, no nights more silvery than those of Nova Scotia. Her rivers run in crystal ripples toward the sea, the scent of her wild flowers are wafted from a million hills, the melody of her scanbirds is a daily pean of joy attuned to the orchestra of nature's all outdoors. Nova Scotia, fair Nova Scotia, lovellest matron of the eastern provinces, harbor of pienty and home of peace, the world salutes you!

THE WORLD'S NEEDS

WE are seeking today a thousand social readjustments when what we need is a new social temper. There are few controversies in or outside the courts between individuals or nations which would not be ended as the rising morning ends the night if only men came together in the right temper. Brotherhood and love, a passion for justice, the love of one's neighbor as oneself, are the mighty solvents of the world's strife-

THE OLD HOME

An old tane, an old gate, an old house by a tree, A wild wood, a wild brook,—they will not let me be; In boyhood I knew them, and still they call to me.

Down deep in my heart's core I hear them, and my eyes Through tear-mists behold them beneath the old time skies; Mid bee-bloom and rose-bloom and orchandlands rise.

I hear them; and heartsick and longing is my soul, To walk there, to dream there, beneath the sky's blue bowl; Around me, within me, and weary world made whole.

To talk with the wild brook of all the long ago;
To whisper the wood-wind of things we used to know
When we were old companions, before my heart knew woe.

To walk with the morning and watch its rose unfold; To drowse with the noon-tide lulled in its heart of gold, To lie with the night-time and dream the dreams of old.

To tell to the old trees, and to each listening leaf. The longing, the yearning, as in my boyhood brief, The old hope, the old love, would ease me of my grief.

The old lane, the old gate, the old house by the tree, The wild wood, the wild brook—they will not let me be; In boyhood I knew them, and still they call to me.

We have written it in blood.

That for justice we will die.

We have braved the ocean's flood

Making truth our battle cry

We have pledged ourselves to seek
Only joys which we may give;
NOW FOR JUSTICE LET US SPEAK
AND FOR JUSTICE LET US LIVE.

THE DAY IS COMING when man will know and accept the laws of nature and live according to them; when CAPITAL and LABOR will cease their strife and WORK TO-GETHER FOR THE GOOD OF MANKIND; when nations will no longer regard one another as embattled foes but as FRIENDS and ALLIES; when man shall see eye to eye with man and all eyes look up reverently to God.

Make the highest thought of service your inspiration. Problems there are—big problems. Tomorrow and the day after tomorrow, it will be your turn to grapple with them. Serve God and your country. Be firm in the right as God gives you to see the right. You may not always succeed. Progress is often punctuated with reverses. You may meet reverses—but the following day stand up again and renew the conflict, for TRUTH and JUSTICE SHALL TRIUMPH in the end.

(Sentiments uttered by Principal G. M. Grant of Kingston University, Fifty Years Ago.)

I have sat on blocks of coal in Pictou County mines, wandered through the glens of Cape Breton and driven for a hundred miles under apple blossoms in the Annapolis valley. I have seen THE GLORY OF OUR WESTERN PRAIRIES and of our MOUNTAINS, and toiled through passes where the great cedars and Douglas pines of the PACIFIC slope hid sun and sky at noonday. And I say that, in the 4,000 miles between, there is everything that man can desire, and the premise of a MICHTY FUTURE. If we cannot make a country out of such materials it is because we are not true to ourselves, and if we are not true, be sure our sin will find us out.
